Spending limit. The spending limit includes the total of:

1. Monetary campaign expenditures,
2. In-kind campaign expenditures, and
3. Unpaid campaign expenditures.

Election Cycle Segments. The spending limit is higher in a two-year segment during which an election is held for the office sought. For that reason, candidates for a constitutional office or for the Senate will have a dramatically different base spending limit for the two year period 2015 - 2016

First-Time Candidate. A candidate is eligible for a 10% increase in the base campaign expenditure limit if the following conditions are met:

1. The candidate has not previously held the same office. For the legislature the office is House of Representatives or State Senate, without regard to any specific district.
2. The candidate has not previously been on the primary or general election ballot for that office.
3. The candidates has not in the past 10 years raised or spent more than \$750 in a run for any other office whose territory now includes a population that is more than one-third of the population in the territory of the office the candidate is now seeking.

Closely Contested Primary election. A candidate is eligible for a 20% spending increase for having a closely contested primary election if the following conditions are met:

1. The candidate won the primary election, and had at least one opponent in the primary election,
2. The candidate received fewer than twice as many votes as any one of the opponents in the primary. The closely contested primary spending increase is available for use only after the primary election.
